## POST COLORS

### SPECIFICATIONS

**SIZE**—All post banners and U. S. flags are 4 1/3 x 5 1/2 feet in size.

**DESCRIPTION**—Silk U. S. flags are made with embroidered stars and sewed stripes. Wool U. S. flags are made with sewed stars and sewed stripes. Silk Post banners are made of double thickness material with the emblem and lettering executed in pure gold leaf. Grade A wool Post banners are of double thickness material with a painted (oil-color) insignia with gold sateen appliqued lettering. Grade B wool Post banners are identical except that they are single thickness material. The emblem and lettering appear on both sides with the inscription reading reversely on the back. The double emblem, however, is reproduced (oil-color) on both sides.

**MOUNTING**—All flags and banners are trimmed on three sides with 2" yellow silk bullion fringe and ornamented with a pair of 6" yellow silk tassels with 9' of yellow silk cord. Each flag is mounted on a 9' polished antique oak pole fitted with a double brass screw joint and surmounted with a 6" solid brass eagle. The equipment furnished with all silk and wool flags is identical in quality and consists of a heavy russet leather carrying belt, oil cloth rain cover, interlined with heavy canvas.

**NOTE** — *Lettering instructions should be printed or typed to avoid errors in spelling.*

Post colors are now available in four qualities—two silk and two wool, at a wide range of prices within the reach of every American Legion Post. Both grades of silk flags are made to the same rigid specifications and are identical in every respect with the exception of the weight of the silk. Grade 1 flags are made of heavy U. S. Government quality banner silk. Grade 2 flags are made of the same quality silk, identical in appearance but slightly lighter in weight. The equipment, workmanship and appearance of both grades are identical.

Both grades of wool flags are likewise made to the same rigid specifications and are identical in every respect with the exception that the Grade B flag is single thickness instead of double thickness material. Both are made of U. S. Government quality wool bunting.

## OFFICIAL UNIFORMS

In accordance with a contract approved by the National Executive Committee, National Headquarters, through the Emblem Division, has inaugurated a uniform selling program under which individual Legionnaires may purchase the American Legion uniform through local clothing and department stores, selected upon the recommendation of local Posts. This uniform will, in every respect, comply with the individual uniform regulations of your Department, insofar as distinctive markings, state seals, etc., are concerned.

By the terms of our national contract, a limited number of our Departments have existing contracts of their own which may temporarily except them. If your Post is not informed concerning this point, *Write Your Department Adjutant or State Uniform Chairman for Full Details*, and discuss with them the question of designating an official Legion uniform dealer for your community.

It has been said that "a uniformed Legionnaire is a permanent Legionnaire" and the immediate and important problem of stabilizing your Post membership can, to a large extent, be solved by getting the maximum number of your members in uniform.

## SUGGESTED PROCEDURE

**1.** Appoint a Post uniform chairman and a committee of at least four additional members, whose sole duties will be to promote and facilitate the efforts of your state Uniform Committee. Notify your Department Adjutant when your Uniform Committee has been selected and full details will be sent you promptly with complete instructions.

**2.** Designate an official Legion uniform dealer for your community. If necessary, call a special meeting of your Post to settle this important question. Once appointed, give your local dealer every possible co-operation.
